

American Model United Nations Conference

18 November 2018

Don't Miss The Exciting Keynote Address *Bring all your students!*

Conference has started and here are some things you shouldn't miss. If you're having any problems or if you have any questions please come down to the Ohio room on Level 2 and talk with members of AMUN's Executive Office. We want you to have a safe, educational, and above all, fun conference so let us know how we can help that happen.

2018 Keynote Speaker: Dr. Elizabeth Ferris

AMUN has lined up an exciting keynote speaker, Dr. Elizabeth Ferris. Dr. Ferris will be speaking from 11:00 a.m. to noon on Sunday, 18 November in the Chicago Ballrooms VI-VII on Level 4 of the Sheraton Grand. Please make certain that you and all your students attend this address. Dr. Ferris will be answering questions at the end of her speech.

AMUN Promotional Video Production

AMUN is working on creating some video promotional materials, so we will be compiling interview footage over the course of the conference. If you have students who would be good ambassadors for AMUN please let us know! The interviews won't take up too much of their AMUN time, perhaps 15 minutes.

Please contact us at mail@amun.org to nominate your students or stop by the registration desk or the Executive Office (Ohio Room) to let us know. We'll need to hear from you by Saturday night, as we'll be conducting all interviews on Sunday.

Also on Sunday: Stuff you shouldn't miss

Also on Sunday, be sure to attend the following:

- Special Sessions for Faculty Advisors. Sunday's Special Sessions for Faculty Advisors will cover "Coaching students towards early careers in international relations." This workshop and discussion is hosted by AMUN Associate Executive Director Dr. Jacqueline Whitt and

- AMUN will also hold two Permanent Representative and Faculty Advisor Meetings, both meetings will be held in the Mayfair room on Level 2. The meetings will cover:
 - From 3:15 to 4:15 p.m. AMUN Secretariat that help shape our simulations will answer any questions you might have about the current simulations, the AMUN Rules, and AMUN's report and resolution writing processes.
